

# Heroes Memorial School

## Cowansville

---

This English-language primary school, located in Cowansville in the Montérégie region, is particularly active in creating links between students, families and the school community. The entire community is involved in projects such as culinary workshops, visits to neighbouring farms, fundraising activities and garden maintenance.

The project allows the students to prepare delicious meals for parents and school staff at a cooking event. They are involved in all aspects of the project, from choosing recipes, creating posters, selling tickets, decorating the hall, to preparing and serving the food.

Thus, the support of the Farm to School grant has made it possible to further develop the existing salad bar project by making it more attractive and diverse.
